Computing Insight UK 2023 will take place at Manchester Central Convention Complex on Thursday 7 and Friday 8 December.

The theme for this year's conference is "Productive Supercomputing (Accessible and diverse large scale computing)" with sub-themes including "User Support", "Industry Use of HPC", "Making HPC More Accessible", "User Portals", "Convergence of AI and Simulation" and "Co-Design of Supercomputing Services and Systems". There will also be a session on the UKRI Digital Research Infrastructure including the ExCALIBUR project.

CIUK 2023 will include an exhibition of the latest hardware and software releases plus a full, two day programme of presentations and a series of parallel breakout sessions. There will be a poster competition plus the fourth instalment of the CIUK Student Cluster Challenge. We will also present our annual Jacky Pallas Memorial Award.
