

COMPUTING INSIGHT UK 2023

“Productive Supercomputing”

7 - 8 DECEMBER 2023
Manchester Central, UK

**CIUK
2023
Cluster
Challenge**

Teams of up to
6 students will
compete in a series
of challenges.

Online challenges leading up
to the conference and physical
challenges during the
conference in Manchester.

*“FREE entry to
CIUK 2023”*

*“Access to the latest
systems and architectures”*

*“Dedicated support from
company mentors”*

Both undergraduate
and graduate
students are eligible
to participate.

The winning
team will
represent
CIUK in the
ISC'24 Cluster
Challenge
Competition
in Germany.

*“Working with major HPC
vendors Boston, Logicalis,
OCF and Alces Flight”*

Travel and accommodation is
provided for teams during the
conference in Manchester in
December.

*“Improve your HPC skills
and knowledge”*

Do you have a team to challenge for the title?
Sign up now... the challenges start in October!
