

COMPUTING INSIGHT UK 2023

“Productive Supercomputing”

7 - 8 DECEMBER 2023

Manchester Central, UK

UKRI Science and
Technology
Facilities Council
Scientific Computing

**WE
NEED
YOU!**

Computing Insight UK 2023 will take place at Manchester Central Convention Complex on Thursday 7 and Friday 8 December. The theme for this year's conference is "**Productive Supercomputing (Accessible and diverse large scale computing)**" with sub-themes including "User Support", "Industry Use of HPC", "Making HPC More Accessible", "User Portals", "Convergence of AI and Simulation" and "Co-Design of Supercomputing Services and Systems". There will also be a session on the UKRI Digital Research Infrastructure including the ExCALIBUR project.

CALL FOR PRESENTATIONS

We are currently accepting applications to speak as part of the main programme at CIUK 2023. The deadline for applications is **FRIDAY 15 SEPTEMBER**.

STUDENT CLUSTER CHALLENGE COMPETITION

Teams of up to six students will complete a series of online challenges leading up to the conference and some physical challenges during the conference. The winning team will represent CIUK in the ISC'24 cluster challenge in Germany.

JACKY PALLAS MEMORIAL AWARD

Are you the supervisor of an early career researcher that has completed a high impact project? We are now accepting nominations for our prestigious award. The award winner will be allocated a thirty minute slot on the main CIUK 2023 programme to present their work. Deadline for applications is **FRIDAY 27 OCTOBER**.

STUDENT POSTER COMPETITION

Apply to present your work in our student poster competition. Selected posters will be displayed online via the conference website and in-person during the conference. Selected poster presenters will receive free entry to the conference.
